RATES

At Ocean Star Productions we like you to know exactly what your recording will cost before we even start the session. Therefore, we encourage you to call us to talk about your project to receive a customized quote. You can be assured that your quoted price for your project will be what you pay when we deliver your recording.

For all recordings, a single master CD will be given to you. We also do full-service CD duplication, from simple duplication of blanks to full packaging with shrink-wrap. Take a look at our CD Duplication page for more information.

It is important to note that Ocean Star Productions does not charge differently for different quality gear. We prefer to make the best recording possible with the best equipment possible. Be assured that whoever you are, we will provide the best quality recordings available at an excellent price. The number of microphones we use on a session is usually what we base our price on, as it equates to how much setup time and post-production we will do for that recording.

For sessions more than 50 miles away, a travel fee of **\$0.20/mile** will be added to the final cost. Travel expenses for multi-day sessions will be quoted individually.

Concert Recording Rates

- | | |
|---------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| - Small recital, one hour
\$150 | This package includes recording, mixing, and mastering of a small recital that is about one hour in length, such as college recitals or church recitals. Up to 4 microphones. |
| - Large concert, one hour
\$250 | This package includes recording, mixing, and mastering of a large recital that is about one hour in length, such as a band concert or choir concert. Up to 8 microphones. For duplication and sales special rates apply due to copyright concerns. |
| - Large concert, two hours
\$400 | This package includes recording, mixing, and mastering of a large recital that is about two hours in length, such as an orchestra concert or long band concert. Up to 8 microphones. For duplication and sales special rates apply due to copyright concerns. |
| - Large concert, up to 24 channels
\$750 | This package includes recording, mixing, and mastering of a large recital that needs many tracks, such as a scoring session or big band group. Up to a full 24 tracks. For duplication and sales special rates apply due to copyright concerns. |
| - Festival Recordings
\$40/group | Many bands, choirs, and orchestras participate in performance festivals (Large Group Performance Evaluation). For these multi-group recordings, a flat fee of \$40 per group is assessed, which includes basic mixing. Up to 6 microphones. For duplication and sales special rates apply due to copyright concerns. |

Hourly Recording Rates

\$75/hour for recording
\$30/hour for mixing/mastering

For small, personal recording sessions that do not have a standard length, our hourly rate provides an affordable recording solution for anyone. Setup and sound check are included in the hourly rate. Basic mixing is included at no extra charge, but more in depth mixing as well as mastering are extra. Minimum of 2 hours. Good for singer/songwriters or bands.

Student Rate

\$50/hr

We have a special rate for students to help them record audition CDs and concerts on a budget. Basic mixing is included at no extra charge. Up to 4 microphones. Proof of student status is required.

Day Rate

\$500/day for recording
\$100/day for mixing/mastering

For longer sessions that may span several days, our day rate provides a more economical service. Days over 10 hours are subject to an individualized quote. Up to 8 microphones. Mixing and mastering for the day is extra.

Add-Ons

- More microphones/channels
\$30/mic

Our prices reflect the amount of setup and post-production, which is based on how many microphones we are utilizing. For sessions that require more microphones than the maximum allowed, this fee applies to the extra channels.

- Video Production of Concert
\$75/camera

We can also produce DVDs of concerts. The number of cameras needed determine the cost. One master DVD will be delivered – for duplication and sales special rates apply due to copyright concerns.

Terms and Conditions:

- Payment is required **before** delivery of the master CD/DVD.
- Ocean Star Productions is not responsible for copyright issues unless you use our duplication services.
- Rates may change without notice.
- Book early – weekend dates are booked quickly.
